Primary Listing Exchange: NYSE

The purpose of this information circular is to outline various rules and policies that will be applicable to trading in this new product pursuant to the Exchange's unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the prospectus or prospectuses available on the Issuer Website (the "Prospectus"), examine the Issuer registration statement or contact the Primary Listing Exchange. The Issuer Website, the Prospectus and the Issuer registration statement are hereafter collectively referred to as the "Issuer Disclosure Materials."

The Issuer Disclosure Materials contain the following information:

Nuveen Maryland Dividend Advantage Municipal Fund 3 (the "Fund") is a diversified, closed-end management investment company registered under the Investment Company Act of 1940, as amended (the "1940 Act"). The Fund's investment objectives are to provide current income exempt from regular federal and Maryland income tax and to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the

Fund's investment adviser believes are underrated or undervalued or that represent municipal market sectors that are undervalued.

Nuveen Asset Management is the Fund's investment adviser.

Under normal circumstances the Fund will invest substantially all of its assets in municipal securities that pay interest exempt from regular federal and Maryland income taxes, and the dividends designated by the Fund as exempt-interest dividends received by a holder of Shares will be similarly exempt. The dividends received by a holder of Shares may be subject to other state and local taxes. All or a portion of the income from the Fund's portfolio securities, and in turn the exempt-interest dividends paid to holders of Shares, may be subject to the federal alternative minimum tax, so Shares may not be a suitable investment if a holder is subject to this tax. Taxable income or gain earned by the Fund will be allocated proportionately to holders of Preferred Stock and common shares, based on the percentage of total Preferred Stock dividends relative to common share dividends.

Dividends on the Shares will be payable monthly. The initial dividend period for the Shares will commence on the first date of original issuance of Shares and end on March 31, 2010 and each subsequent dividend period will be a calendar month (or the portion thereof occurring prior to the redemption of such Shares). Dividends will be paid on the first business day of the month next following a dividend period and upon redemption of the Shares, except that dividends paid with respect to any dividend period consisting of the month of December in any year will be paid on the last business day of December. Except for the initial dividend period, dividends with respect to any monthly dividend period will be declared and paid to holders of record of Shares as their names shall appear on the registration books of the Fund at the close of business on the 15th day of such monthly dividend period (or if such day is not a business day, the next preceding business day). Dividends with respect to the initial dividend period for the Shares will be declared and paid to holders of record of such Shares as their names appear on the registration books of the Fund at the close of business on March 30, 2010.

The Fund is required to redeem the Shares on March 1, 2015 unless earlier redeemed or repurchased by the Fund. In addition, Shares are subject to optional and mandatory redemption in certain circumstances. As of March 1, 2011, the Series 2015 Shares will be subject to redemption at the option of the Fund, subject to payment of a premium through February 29, 2012, and at par thereafter. The Series 2015 Shares also will be subject to redemption, at the option of the Fund, at par in the event of certain changes in the credit rating of the Shares, as described in the Prospectus.

Shares will be senior securities that represent stock of the Fund and are senior, with priority in all respects, to the Fund's common shares as to payments of dividends and as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. Shares will have equal priority as to payments of dividends and as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund with other preferred shares currently outstanding. The Fund may issue additional preferred shares on parity with Shares, subject to certain limitations. The Fund may not issue additional classes of shares that are senior to Shares and other outstanding preferred shares of the Fund as to payments of dividends or as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. The Fund, as a fundamental policy, may not issue debt securities that rank senior

to Shares. In addition, as a fundamental policy, the Fund may not borrow money, except from banks for temporary or emergency purposes, or for repurchase of its shares, subject to certain restrictions.

Investment in the Fund involves significant risk. ETP Holders should consult the Prospectus for detailed considerations concerning specific risks, dividends, distributions, taxes and other important matters.

NSX Rules Applicable to Trading in the Shares

The Shares are considered equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. The Shares are also a UTP Derivative Securities product as specified in NSX Rule 15.9, and as such are subject to the additional provisions specific to that NSX Rule. In particular, ETP Holders are reminded of their obligations under the following NSX Rules:

1. Trading Hours: This product will trade during the regular trading hours of the Exchange (between 9:30 am to 4:00 pm Eastern Time ("ET")), during pre-market hours (8:00 am to 9:29:59 am ET) and during post-market hours (4:00:01 pm to 6:30 pm ET). Please note that trading in the Shares during the Exchange's pre-market and post-market hours may result in additional trading risks which include: (1) lower liquidity in the Opening or Late Trading Sessions may impact pricing, (2) higher volatility in the Opening or Late Trading Sessions may impact pricing, (3) wider spreads may occur in the Opening or Late Trading Sessions. The minimum trading increment is \$.01.

2. Recommendations To Customers: NSX Rule 3.7 provides that the ETP Holder shall use due diligence to learn the essential facts relative to every customer prior to trading the Shares or recommending a transaction in the Shares that an investment in the Shares is suitable for the customer.

3. Product Description: In the event that a Fund relies upon an order by the Securities and Exchange Commission exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and makes available a written product description, NSX Rule 15.9B(3)(c) requires that ETP Holders shall provide all purchasers of a series of exchange-traded funds ("ETFs") a written description of the terms and characteristics of those securities, in a form approved by the Exchange or prepared by the open-ended management company issuing such securities, not later than the time a confirmation of the first transaction in such series is delivered to such purchaser. In addition, the ETP Holders shall include a written description with any sales material relating to a series of ETFs that is provided to customers or the public. Any other written materials provided by an ETP Holder to customers or the public making specific reference to the series of ETFs as an investment vehicle must include a statement substantially in the following form:

"A circular describing the terms and characteristics of [*the series of ETFs*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the series of ETFs*]."

An ETP Holder carrying an omnibus account for a non-ETP Holder is required to inform such non-ETP Holder that execution of an order to purchase a series of ETFs for such omnibus account will be deemed to constitute an agreement by the non-ETP Holder to make such written description available to its customers on the same terms as are directly applicable to the ETP Holder under this Rule.

4. Customer Requests for a Prospectus: NSX Rule 15.9B(3)(d) provides that, upon request of a customer, an ETP Holder shall provide a prospectus for the particular series of UTP Derivative Securities.

5. Trading Halts: NSX Rule 15.9B(4) provides that, in addition to the Exchange's authority to suspend or halt trading under NSX Rules 11.20 (Trading Halts Due To Extraordinary Market Volatility), 12.11 (Trading Suspensions) and 15.7 (Suspension and/or Delisting By Exchange), if a temporary interruption occurs in the calculation or wide dissemination of the intraday indicative value (or similar value) or the value of the underlying index or instrument and the listing market halts trading in the product, the Exchange, upon notification by the listing market of such halt due to such temporary interruption, also shall immediately halt trading in that product on the Exchange. The Shares will be traded following a trading halt in accordance with Interpretations and Policy .03 of NSX Rule 11.20.

In addition, for a UTP Derivative Securities product where a net asset value is disseminated, if the primary listing exchange notifies the Exchange that the net asset value is not being disseminated to all market participants at the same time, the Exchange will immediately halt trading in such security. The Exchange may resume trading in the UTP Derivative Security only when the net asset value is disseminated to all market participants at the same time or trading in the UTP Derivative Security resumes on the listing market.

THIS INFORMATION CIRCULAR IS NOT A STATUTORY PROSPECTUS. ETP HOLDERS SHOULD CONSULT THE ISSUER DISCLOSURE MATERIALS (AS DEFINED ABOVE) FOR ALL RELEVANT INFORMATION RESPECTING THE SHARES.
